Headstones

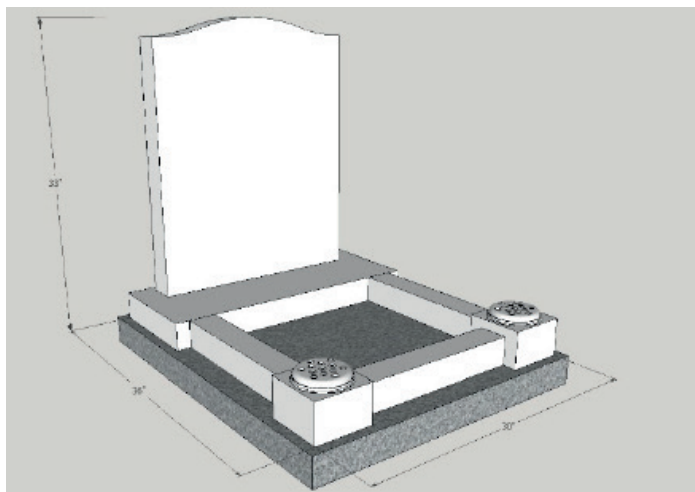

Adult Graves with Mini Kerbs

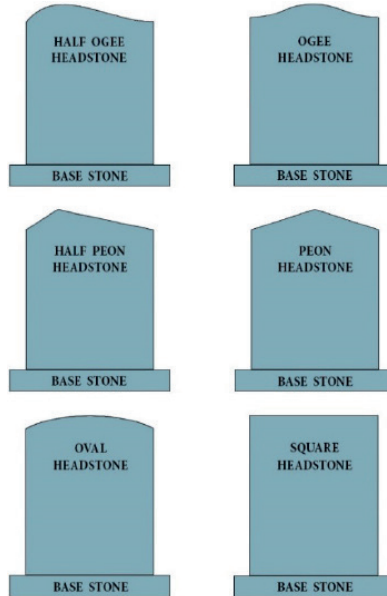

Each grave is designed to have a garden in front of the memorial. Having kerbing surrounding the memorial will help to maintain a neat appearance and to assist with the maintenance of the grounds.

Memorials on adult graves and in the Muslim section must not exceed 3' (915mm) in height, including the base, 2'6" (762mm) in width with kerbing a maximum of 3' (915mm) in length. The remainder of the grave is to be maintained as lawn.

- All cemetery memorials are to be supplied and installed by Bluebell Cemetery or one of its partner memorial masons.
- All Memorials are installed by BRAMM (British Register of Accredited Memorial Masons) registered memorial masons.
- To allow the ground time to settle following a burial it is recommended to wait at least 12 months before the installation of a memorial.
- The person applying to erect a memorial must be the owner of the Exclusive Right of Burial.
- A wide selection of memorials are available in a choice of sizes and colours.
- A variety of designs can be added to a headstone as can bespoke artwork or ceramic photo plaques.
- You may also wish to add a vase container in the base or vase posts for placing flowers.

EXAMPLES OF HEADSTONE SHAPES INCLUDE THE FOLLOWING:

The area between the kerbs is usually filled with a choice of stone chippings, although some prefer to leave the area as bare soil for planting. Alternatively, you may want a memorial with a cover slab.

An example of the fee for a headstone with mini kerbs is as follows:

Description

2'6" x 2'0" x 3" Black granite headstone with Ogee top and matching 3" x 2'6" x 12" base with two flower vases and 3" x 4" kerbing that covers an area of 3'0" in length and 2'6" in width.

The fee for the headstone including the installation by a BRAMM registered mason is from £1,990.

The price of the inscription will be £3.25 per letter for painted lettering or £3.95 per letter for gold gilded lettering.
